With great space and light, and the best views in Vallpineda is this beautiful family home with many extras. Built less than 10 years ago, the house comprises 4 floors with various spaces both inside and out for living, relaxing and entertaining in style. The living/dining room is very serene and faces the sea with a large, covered terrace with a fireplace overlooking the pool; the kitchen is spacious with a small office, a dining and breakfast area and is great for entertaining as well with direct access to the back and side patios. The bedrooms are large and all with great light; the master suite has a wonderful terrace with authentic Mediterranean views. The downstairs bedrooms have direct access to the pool area while the lower level features a charming bodega, playroom and garage. All in all, a very private and peaceful place from which to enjoy Sitges.
